

Cabot Corporation Selects Cognizant to Transform its Digital Operating Model

October 26, 2021

Cognizant Providing Application Development and Maintenance along with Infrastructure and Operations Services that Enable Cabot to Accelerate its Digital Transformation Journey

TEANECK, N.J., Oct. 26, 2021 -- [Cognizant](#) (Nasdaq: CTSH) announced today a new business engagement with leading global specialty chemicals and performance materials company [Cabot Corporation](#) (NYSE: CBT) to help the company transform its digital operating model. Cognizant will also act as the managed services provider for Application Development and Maintenance (ADM) and Infrastructure and Operations (I&O) services, enabling automation, cloud, DevOps, artificial intelligence (AI) and self-service.

Cabot's digital transformation journey began as an enterprise-wide initiative to improve its ways of working, become more effective and efficient, and harness the power of digital technologies. Cognizant will enable Cabot to focus its efforts more fully on driving digital strategy, building strategic business partnerships and digitalizing the way it does business. By leveraging a data-driven approach that advances continuous improvement across business services, outcomes and global operations, Cognizant will help Cabot to create an enhanced digital experience that drives value for its customers and employees.

"We were looking for a trusted partner that understands our business and would not only transform how we deliver services, but also stimulate and reimagine the art of the possible with innovative thinking in support of our accelerated digitalization," said Ivan Skerl, Cabot's Vice President and Chief Digital and Information Officer. "Cognizant's track record in global delivery, high standards of customer satisfaction and demonstrated capabilities in driving transformational programs gave us confidence in their ability to deliver us a competitive advantage. Furthermore, successful digitalization will enable us to better execute upon our strategic growth priorities."

"Cabot understands that investing and refocusing resources toward digital initiatives are crucial to reinforcing the company's industry leadership and position as an innovative partner to its global business lines," said Saurabh Mehta, Cognizant's Global Head of Manufacturing, Logistics, Energy and Utilities. "Cognizant is proud to support Cabot's multi-year transformation journey, helping drive digital innovation with its customers and generating strong cash flows through efficiency and optimization."
